StudentDoc App is a document management platform that empowers students to efficiently manage their documents, allowing them to upload, update, delete, and download files for future use.

Technologies Used:

Backend: C# , ASP.NET Web API

Frontend: HTML, CSS , Angular Js

Database Management System: Microsoft SQL Server.

Version Control: Git for collaboration and version tracking.

Link: <https://github.com/itsonlytamim/StudentDoc-App>

DIGITAL SKILLS

Technical Skills

C# | JavaScript | Python | ASP.NET / ASP.NET Core | .NET / .NET Core / .NET Framework | Angular Js | Git & Githubs | SQL | MS-SQLServer | UiPath tool | Adobe Photoshop (basic elements) | Microsoft Office (Outlook, Excel, Word, PowerPoint)

LANGUAGE SKILLS

Mother tongue(s): Bangla

Other language(s): English , Hindi

HOBBIES AND INTERESTS

Photography

In the midst of a constantly changing world, photography allows me to freeze a single, still moment, preserving its significance.

Technology

Outside of my studies, I'm really into technology. I like staying updated with the newest tech trends, trying out new gadgets, and playing around with software. Figuring out how tech fits into our daily lives is both fun and a way for me to keep learning.
